

Oasis Elementary North

October 1, 2025

Welcome to October

As we welcome the month of October, we remain committed to fostering academic excellence, personal growth, and a strong sense of community with our school. Although autumn in Florida may not bring the traditional change of seasons, it marks a meaningful time for reflection, progress, and preparation as we move further into the academic year. This month provides valuable opportunities for learning, engagement, and continued collaboration among students, families, and staff. We look forward to building on the achievement of the first quarter and to a productive October ahead.
